Attachments: Blades Groundwater Site_RDT Summer 2018 lb com.pptx

Connor,

I have a couple comments on the ppt for Blades. The same comment on the "Path Forward" slide also applies to the Nonresponsive based on revised scope presentation. No other comments on Nonresponsive based on revised scope

Please remember to remind Karen that signing these forms and presenting the sites to the NPL panel does not mean that we necessarily will be going forward with listing – it's just the first step in the process and we can retract the site at any time.

Good luck!

Lorie

Yazmine,

I have attached the final presentations and updated forms. Let me know if they look ok please.

Hi Terry,

Attached are R3's site characterization forms. Please let me know if you have any questions.

Thanks.
Yaz

PS> Thanks again for your help with the listing.
